THE DEVELOPER DECISION

Two bays at opening. A plan for what follows.

A proposed amenity for one 300-500-unit East Lansing building, mostly studios, serving students and young professionals. The building floorplate and actual pet demand remain to be established.

Opening program

Two integrated wash/dry bays plus a separate low paw rinse. Resident use, compatible shampoo and towels included.

Preferred placement

Near a conditioned return route from outdoor pet access. Provide locked service storage and a separate finishing counter.

Space decision

Compact: 20 x 18 ft / 360 sq ft. Premium: 24 x 22 ft / 528 sq ft, with a reserved third-bay option.

Equipment basis: two Evolution mini units start at a published $24,500 before options, freight, tax and installation. **Construction:** quote required for both room options. The premium $120k-$220k total is an authored planning allowance, pending local validation.
